

Verify AP Scores

Before you enroll in your classes, it is important to verify any and all AP scores that you have sent to the university. Start by logging into your MyUCSC portal.

Click on the My Academics tile. There are two options to verify AP Scores. Option 1: Click on the “Academic Advisement Report” and scroll down to “Test Credit”. Option 2: Click on the “Transfer Credit Report” and click under “Test Credit”. If your AP Scores are verified, you will see APV, the name of the test, the equivalent course at UCSC, and the number of units accepted.

Option 1:

The screenshot shows the "My Academics" portal interface. On the left is a navigation menu with items like "Advisers", "Academic Advisement Report", "Academic Committees", "Course History", "Evaluations", "Grades", "Planner", "Test Scores", "Transfer Credit Report", "Unofficial Transcript", and "What-if Report". The "Academic Advisement Report" is selected. The main content area shows a requirement summary for "COWL 1" (ALE:ImaginingJustice, 5.00 units). Below this is a "Statistics" section with "UC GPA: 0.00", "% Graded Pass(P): 0.00", and "UCSC Cumulative Credits: 0.00". The "UCSC Courses" section is expanded to show "Transfer Credit" and "Test Credit". The "Test Credit" section contains a table with the following data:

Test ID	Test Component	Test Date	Score	Status	Equivalent Course	Units Accepted	Grade
APV	Biology	05/01/2018	3.00	Posted	TRCR AP/IB	8.000	T
APV	Biology	05/01/2018	3.00	Posted	TRCR SI		T
APV	Statistics	05/01/2019	4.00	Posted	AMS 5		T
APV	Statistics	05/01/2019	4.00	Posted	PSYC 2		T
APV	Statistics	05/01/2019	4.00	Posted	SOCY 3B		T
APV	Statistics	05/01/2019	4.00	Posted	TRCR AP/IB	4.000	T

Red arrows point from the "Test Credit" section header to the first row of the table, and from the "Units Accepted" column to the values 8.000 and 4.000.

If for any reason your score is not appearing, please fill out the Review of Transfer Credit form. Your score may not appear if the name on the submitted test score is different from the name the university has on file for you. For instance, if the score says Ben and the university has your name as Benjamin.

It is also possible that your score could have been lost somewhere in the process or you did not send your scores to the right school. Be sure to check your information on the College Board website.

Once your score is confirmed, be sure to check the AP/IB chart to see if your scores satisfy any prerequisite or GEs, also known as general education courses. This is important to do BEFORE enrollment so that you are able to enroll in any classes that may rely on having an AP score cover a prerequisite.
